UNLOCK THE POWER OF READING WITH ORTON GILLINGHAM

Orton-Gillingham (OG) is the gold standard and foundation of all structured literacy and multisensory instruction. This course delves deeply into the science of reading, equipping you with the necessary skills to effectively implement Orton-Gillingham procedures that enable you to provide systematic and sequential reading instruction to support students. Ideal for those looking to apply the Orton-Gillingham approach in group or classroom settings, this course meets the Orton-Gillingham Academy (OGA) Classroom Educator Level requirements.

WHAT YOU WILL LEARN

- Neurobiology of reading and dyslexia, Phonemic Awareness and Phonics, Syllable Instruction, Beginning morphology, Vocabulary, OG frameworks for reading mastery, innovative teaching tools, and more
